

Adopt “Saxer Redford”

Saxer Redford is a 1 1/2 year old lab/chow mix. He was found in the desert, living by a gas station covered in ticks and scars from fighting. Even though he's had a rough life, he is so loving and excited to be around people that care. He melts when you pet him, grateful for people that show him kindness. If you would like to foster or adopt a truly sweet, loving dog, please contact us to meet Saxer Redford.
